

VALUE CALF MILK REPLACERS

Soy Flour Formula

ESMILCO VALUE CALF MILK REPLACERS have been formulated to provide a low cost product for calves. The proteins in these formulas are derived from milk products and lower cost soy proteins. These products are economical performers, especially when fed after three weeks of age. Various levels of fat are available to permit flexibility in energy density for different environmental and management conditions. These products are instantized to provide easy, fast and complete mixing qualities.

NUTRIENT LEVEL GUARANTEES

PROTEIN (min.)	FAT (min.)	FIBER (max)
20-24%	20%	0.5-1%
20-24%	10-15%	0.5-1%

VITAMIN AND MINERAL LEVELS

VITAMIN A	30,000 IU/LB
VITAMIN D3	4,000 IU/LB
VITAMIN E	100 IU/LB

Vitamin levels may be customized to fit the customer's specific needs. The VALUE milk replacers contain a complete vitamin and mineral premix with all of the micro nutrients necessary for optimum calf performance. Vitamin and mineral levels meet or exceed the levels recommended by the National Research Council.

VALUE CALF MILK REPLACERS

FEATURES

Milk protein

Soy flour

Edible fat blend

Instantized

Proper vitamin and mineral supplementation

ADVANTAGES

Easily digestible

Low cost protein
Vegetable protein

Meets calves' energy requirement

Mixes easily

Meets nutritional needs

RESULTS

Better growth rate

Lower cost product
Easy transition to dry feed

Optimized performance

Time savings

Better calf performance
